**AUTHENTIC OLIVEWOOD
FROM BETHLEHEM, THE HOLY LAND**

Your purchase is a product made out of authentic Olive Wood from Bethlehem, the Holy Land. The natural swirl and contrast of the Olive Wood grain will draw your mind to the beauty of this tree.

The Olive Wood Tree is a subtropical, broad-leaved, evergreen tree, which has edible fruit. The tree ranges in height from 3 to 8 meters or more and has numerous branches. In October, the trees are pruned and the wood is sold to craftsmen whom create different arts & crafts.

Many of these trees are over 300 years old, and some have been growing since the time of Christ. You may estimate the age of a particular piece by examining its grain. Older trees have a dark grain while younger trees exhibit a lighter grain color.

No trees were damaged or destroyed in the process of harvesting this Olive Wood.
